

FROM FARM & FIELD TO YOU

Our 2020 Sustainability Goals in Action

Our 2020 Sustainability Goals focus our efforts on areas where we can have the greatest impact and deliver meaningful change: on the farm where our ingredients are grown and in our manufacturing facilities where our snacks are made and packaged.

ON THE FARM

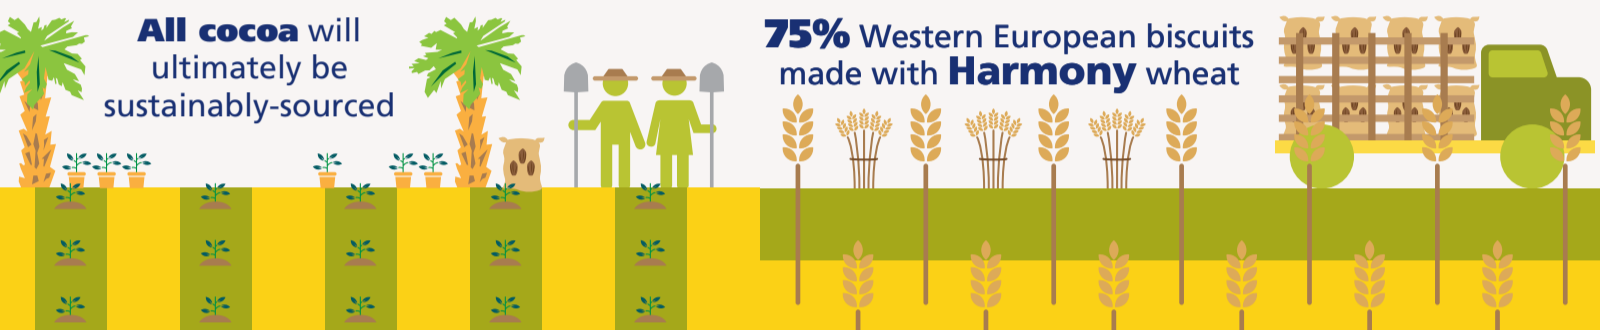

Working with farmers to implement best practices and support smallholder livelihoods

Cocoa Life farmers learn to avoid deforestation and plant native shade trees making farms more resilient to climate change

Harmony farmers use precision technology to optimize water use and limit fertilizer and pesticide use

IN THE FACTORY

Our environmental footprint targets are science-based to help limit climate change to less than 2°C

Reduce absolute CO₂ emissions by **15%***, eliminating **240,000 tonnes per year**

Reduce water use by **10%*** at priority locations where water is most scarce saving **380 million litres per year**

Reduce manufacturing waste by **20%***

FOR YOU

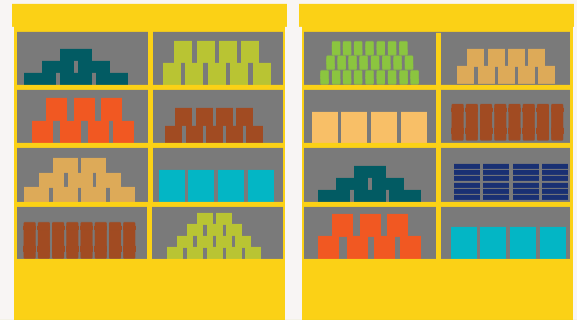

Great tasting products from the world's leading snack company

Eliminate **65,000 tonnes*** of packaging material - so there's less for you to dispose of

Use **recycled paper** or paper from **verified non-deforested sources** in our packaging

*by 2020 vs. 2013 baseline
